WOLFEBORO BRIDGE REPAIRS ON NH ROUTE 109
WILL REQUIRE ONE LANE TRAFFIC FOR TEN WEEKS

The New Hampshire Department of Transportation announces deck replacement work on the NH Route 109 bridge over Ryefield Brook in Wolfeboro will require single lane traffic for approximately ten weeks.

Work on the bridge is expected to begin on Monday, November 22, 2004 and continue until February 1, 2005. Warning signs, stop and yield signs, and concrete barriers will assist alternating one-way traffic through the work zone.

Motorists are urged to proceed with caution through the work zone and use alternative routes if possible.
